Question 6:

Start an individual web site to be used for this course. We will use this URL address for posting your team assignments, and for your research & completed projects so they are available for peer review. **Website and Teams:** Form a team of four members for the team assignments (will be part of our HW assignments. The team for final projects may be different). Provide a list of your team members, (last name, first name) and your URL, one per line. On the last line provide the URL of a website for your team's posting. Email This information (one/team) to HUYNH.MANH@UCDENVER.EDU (Remember for emails to me, Manh and Iris use "CSCI 5551 or CSCI 4551" in the subject field. Your email massage must be in the following order, and on one line:
